

Quality Assurance Committee Annual Report (2023/24)

Trust Board

30 May 2024

Presented for:	Information and Assurance
Presented by:	Laura Stroud, Non-Executive Director
Author:	Lucy Atkin, Head of Quality Governance
Previous Committees:	None

Our Annual Commitments for 2024/25 are:	
Reduce wait for patients	✓
Reduce Healthcare Acquired Infections by 15%	✓
Reduce our carbon footprint through greener care	
Use our existing digital systems to their full potential	✓
Strengthen participation and growth in research and innovation	✓
Deliver the financial plan	
Be in the top 25% performing Trusts for staff retention	✓

Risk Appetite Framework				
Level 1 Risk	(✓)	Level 2 Risks	(Risk Appetite Scale)	Impact
Workforce Risk				
Operational Risk				
Clinical Risk	✓	Patient Safety & Outcomes Risk - We will provide high quality services to patients and manage risks that could limit the ability to achieve safe and effective care for our patients.	Minimal	Moving Towards
Financial Risk				
External Risk	✓	Regulatory Risk - We will comply with or exceed all regulations, retain its CQC registration and always operate within the law.	Averse	Moving Towards

<p>Key points</p>	
<p>1. Terms of Reference (ToR) The Committee Chair, along with the Committee has reviewed the Terms of Reference to ensure that the Committee is fit for purpose and carries out its duties as delegated by the Board of Directors.</p> <p>The Committee has discharged its duties in line with the ToR set out in Appendix A.</p>	<p>Assurance</p>
<p>2. Reporting Requirements The Terms of reference for Quality Assurance Committee state the focus of the Committee is;</p> <ul style="list-style-type: none"> • the level of risk to which patients are exposed; • the extent to which clinical outcomes required by corporate strategy are being met; • the extent to which patient and user satisfaction matches that required by corporate strategy; • the extent to which the Trust can demonstrate learning and improvement • the level of compliance with Fundamental Standards of Care <p>This report provides an annual review on the delivery of the Committee's work programme.</p>	<p>Assurance</p>
<p>3. Work Plans The Board of Directors approved the Committees Work Plan for 2023/24, Appendix B and reports assurance against items received during the year (or stating where it cannot provide assurance).</p> <p>The Committee sets out its draft Work Plan for the 2024/25 in Appendix C, seeking approval from the Board.</p>	<p>Assurance</p>

1. Purpose

The purpose of this report is to provide assurance to the Audit Committee that the Quality Assurance Committee has discharged its duties in accordance with its Terms of Reference, completed its Work Plan for 2023/24, delivered against the defined objectives, and sets out the proposed Work Plan for 2024/25.

2. Committee Membership

The Quality Assurance Committee has maintained a core membership of three Non-Executive Directors. The core membership is Laura Stroud (Chair), Phil Corrigan, Associate Non-Executive Director and Amanda Stainton, Associate Non-Executive Director. In October and December 2023, the Quality Assurance Committee had a change to its core membership as Laura Stroud ended her tenure as Non-Executive Director representing Leeds University. Laura returned in February 2024 as Associate Non-Executive Director and Chair of the Committee. During October and December 2023 Phil Corrigan acted as Chair and Jo Koroma, Associate Non-Executive Director joined the membership.

In addition to the non-executive members of the Committee, meetings have routinely been attended by:

- Chief Medical Officer, Hamish McClure, replaced by Magnus Harrison in December 2023
- Chief Nurse, Helen Christodoulides replaced by Jackie Murphy in October 2023. Then replaced by Rabina Tindale in February 2024.
- Associate Medical Director (Risk and Governance), John Adams
- Company Secretary, Jo Bray
- Director of Quality, Craig Brigg
- Head of Quality Governance, Lucy Atkin

The Terms of Reference state that any other director or manager may be requested to attend to discuss a particular topic with the members.

The Quality Assurance Committee met on six occasions between April 2023 and March 2024. The meetings have taken place as a face to face/hybrid meeting. The draft minutes of the meetings have been received by the Trust Board with a supplementary update provided by the Chair.

The Committee has provided scrutiny and challenge to a range of topics impacting on the quality and safety of clinical services at Leeds Teaching Hospitals NHS Trust; reviewing a number of issues that were escalated through routes, including Quality and Safety Assurance Group (QSAG) and related forums, in order to seek further assurance.

The Committee has also considered the impact of operational pressures seeking assurance on the actions that have been taken to mitigate the risks to quality and patient safety that had been identified. The Committee has also considered the impact on the health, safety and wellbeing of staff as they have continued to provide care to patients and their families during this challenging period.

The Committee has been effective during the year, with assurance and information from the Committee flowing to the Board via verbal and a written Chairs report. Full minutes are received in the Blue Box at Board Workshop.

3. Committee Effectiveness

The effectiveness of the Committee was evaluated in February 2024 using an anonymous self-assessment questionnaire via Microsoft Forms of members, attendees and regular report authors. The response rate for the questionnaire was 61.1% and all respondents felt the terms of reference were sufficiently well defined.

The majority of members and regular attendees (10/11) felt they were clear on the role and delegated responsibilities of the Committee and that this is accurately described within the Terms of Reference. Members also felt the meeting was chaired effectively, with a well-structured agenda and comprehensive work plan.

In 2023/24 there have been no external reviews or internal audit reports focusing on the functioning or effectiveness of the Quality Assurance Committee.

4. Delivery Against Terms of Reference

The Committee has reviewed the Terms of Reference to ensure that the Committee is fit for purpose and carries out its duties as delegated by the Board of Directors. Throughout 2023/24 the Quality Assurance Committee has discharged its duties in line with the requirements set out in the Terms of Reference with one exception. Due to a change in leadership and operational pressures the resuscitation report was not received during 2023/24. The Chair and Executive Members approved the delaying of the report to April 2024.

5. Amendments to Terms of Reference

The Committee's Terms of Reference (ToR) and Workplan for 2023-24 were reviewed to ensure that the Committee was fit for purpose and carried out its duties as delegated by the Board of Directors. During 2023/24 amendments to the membership of the group were updated to reflect changes to Associate Non-Executive representative and Executive Directors.

6. Committee Objectives

6.1 Committee Objectives 2023/24

The Quality Assurance Committee, Quality and Safety Assurance Group, and its supporting structure was revised in 2021/2022 to reduce duplication and allow for more detailed management discussions when required. This has continued to prove successful; and remains a priority to continue to build on the assurance provided by Quality Assurance and Safety Group and the associated Sub-Groups, ensuring that the quality meeting structure continues to provide a consistent and concise means of assurance regarding the quality and safety of clinical care provided to patients at Leeds Teaching Hospitals NHS Trust.

In 2023/24 the Quality Assurance Committee had the following objectives delegated by the Board:

- The level of risk to which patients are exposed.
- The extent to which clinical outcomes required by corporate strategy are being met.
- The extent to which patient and user satisfaction matches that required by corporate strategy.
- The extent to which the Trust can demonstrate learning and improvement.
- The level of compliance with Fundamental Standards of Care.

The Quality Assurance Committee have received reports to provide assurance against key objectives and commitments in 2023/24 and to support the delivery of the Trust's Clinical Services Strategy 2021-24.

6.2 Committee objectives 2024/25

The Quality Assurance Committee Objectives were refreshed in 2023/24 and have been revised to reflect the annual commitments 2024/2025 and are aligned to the quality goals and the Patient Safety and Quality Strategy 2024-2027.

Patient Safety

- We will ensure the Trust respond to patient safety events and investigate patient safety incidents in line with our Patient Safety Response Plan (PSIRP);

- We will seek assurance of the delivery of the existing quality objectives; aligned to the Quality Account and Improvement Strategy

Patient Experience

- We will listen and act on concerns raised about treatment and care by families
- We will consider the impact of health inequalities through the assurance we receive and work with partners and patients to address this

Clinical Effectiveness

- We will learn from deaths and share themes emerging from these reviews
- We will measure quality and safety through national and local qualitative and quantitative data analysis

Staffing

- We will consider the impact on staff wellbeing and retention whilst receiving assurance reports
- We will support and promote a culture of continuous quality improvement involving all of our staff

6.3 Annual Commitments 2024/25

The Quality Assurance Committee will support the delivery of our annual commitments with the following committee objectives:

Our Annual Commitments for 2024/25	Committee Objectives to support delivering Commitments
Reduce waits for patients	Continue to support the Trust's waiting list recovery plan focusing on the impact on patient safety and health inequalities.
Achieve a 15% reduction in HCAs	Focus on assurance related to healthcare associated infections and the actions that are being taken to mitigate the risks to patient safety.
Be in the top 25% of Trusts for staff retention	Consider the impact on staff wellbeing and retention whilst receiving assurance reports.
Deliver the financial plan	Escalate reports which will affect the financial plan to the Finance and Performance Committee.
Maximise use of our digital systems	Continue to support the delivery of the Digital Strategy focusing on the impact on patient safety.
Reduce our carbon footprint through greener care	Escalate reports which will affect delivery of the green plan to the Strategic Sustainability Group.
Strengthen participation and growth in research and innovation	Escalate reports which will affect the culture of research to the research and Innovation Committee.

7. Work Plan

The Committee received the following routine reports in line with the Committees workplan:

- Patient Safety Incidents (including Never Events)
- Learning from Deaths report
- Nursing and Midwifery Quality and Safe Staffing Workforce report
- Maternity Risk
- Infection Prevention and Control Assurance Reports
- Patient harm – Falls (inc hip fractures)
- End of life care
- Leadership Walkround Programme
- Quality Account
- Minutes from Quality and Safety Assurance Group

The Quality Assurance Committee has also received the following annual reports;

- Medicines Management and Pharmacy Services (MMPS) Annual Report
- Controlled Drug (CD) Accountable Officer's Report
- Integrated Risk Report (Incidents, Inquests and Claims)
- Infection Prevention and Control Annual Report
- Complaints and PALS annual report
- Safeguarding Annual Report
- Clinical Audit Report
- CQC Annual Assurance
- Palliative and end of life care
- Dementia
- Falls, including hip fractures
- Children's and Young People's core service

8. Other Issues Addressed by the Committee in Year

The Committee reviewed a range of topics that were escalated through routes such as Quality and Safety Assurance Group (QSAG) and related forums, in order to seek further assurance, these included:

Industrial Action reports – During 2023/24 the Trust have experienced an unprecedented amount of Industrial Action (IA) with nurses, junior doctors and consultants all taking action. Following each period of IA the Committee received an assurance report with regards to patient safety during IA through a detailed review of incidents, elective and outpatient cancellations, readmissions, complaints, PALs and a review had been undertaken to identify unplanned admissions for those patients whose scheduled elective/day case or outpatient appointments were cancelled as a result of IA.

The Committee noted the assurance received through these reports that patient safety was being maintained through periods of industrial action.

Maintaining quality in Urgent and Emergency Care - The Committee received a report to provide assurance on the quality and safety of patient care in urgent and emergency care pathways, as well as providing information regarding usage and care delivery in Exceptional Surge Areas (ESAs) as part of the revised full capacity plan and escalation process. Members were advised of the key risks associated with winter and pressures within the urgent and emergency care pathways provided with an overview of the ESA Standard

Operating Procedure (SOP). Members discussed and recognised the conflict between the Trust's goal to deliver patient centred care whilst addressing significant and sustained operational challenges.

The Committee received the report and confirmed it had received sufficient assurance on the delivery of emergency care pathways and actions/audits to maintain quality of care for patients in ESA's.

Maternity Incentive Scheme Compliance - The Committee received a report providing a summary of the Trusts Compliance with the Clinical Negligence Scheme for Trusts (CNST) Incentive Scheme (Maternity Safety Actions) for Year five.

The Committee were provided with an overview of compliance against the safety actions outlined in the scheme. It was confirmed that oversight was provided by the Director of Midwifery and the Deputy Head of Maternity to review and monitor compliance, as well as outline interventions where required.

The Committee received the report and confirmed its recommendation of the approval to sign off the Board Declaration by the Trust Board.

9. Financial Implications

There are no financial implications detailed within this paper.

10. Risk

The Quality Assurance Committee provides Executive oversight of the Trust's most significant risks related to quality and patient safety, which cover the level 1 risk categories (see summary on front sheet). There were no material changes to the risk appetite statements related to the level 2 risk categories and the Trust continues to operate within the risk appetite for the level 1 risk categories set by the Board.

11. Communication and Involvement

Not applicable.

12. Equality Analysis

Not applicable.

13. Publication Under Freedom of Information Act

This paper has been made available under the Freedom of Information Act 2000

14. Recommendation

The Audit Committee is asked to

- receive the annual report of Quality Assurance Committee and the assurance provided, to inform the Chief Executive's annual governance statement and the Board.

15. Supporting Information

The following papers make up this report:

- Appendix A Terms of Reference
- Appendix B – Work Plan for 2023/24
- Appendix C – Proposed Work Plan for 2024/25

Name of author/s Lucy Atkin
Title/s Head of Quality Governance
Date March 2024

Appendix A

APPENDIX D - Terms of Reference - Quality Assurance Committee

1. Main Authority / Limitations

- 1.1 The Board has resolved to establish a Committee of the Board to be known as the Quality Assurance Committee (“the Committee”). The Committee is comprised of Non-Executive Directors, accounts to the Board and shall have Non-Executive responsibilities, powers, authorities and discretion as set out in these terms of reference. The purpose of the Committee is to lead on behalf of the Board of Directors the acquisition and scrutiny of assurances concerning (i) patient safety, clinical effectiveness and patient experience; (ii) the effectiveness of the quality governance framework including compliance with Fundamental Standards of Care; and (iii) learning and quality improvement.
- 1.2 The Committee is authorised by the Board to investigate any activity within its terms of reference. The Committee may invite any Director, Executive, external or internal auditor, or other person to attend and meeting(s) of the Committee as it may from time to time consider desirable to assist the Committee in the attainment of its objective. The Committee may appoint, employ or retain such professional or legal advisors the Committee consider appropriate. Any such appointment shall be made through the Company Secretary, who shall be responsible for the contractual arrangements and payment of fees by the Trust on behalf of the Committee. All Board Members shall be entitled, should they wish to do so, to see the advice received from the Committee’s advisors.
- 1.3 The Committee will report annually on its work in support of the Annual Governance Statement and Quality Account. Reports will specifically comment on: (i) patient safety (ii) clinical outcomes; (iii) patient experience/satisfaction; (iv) the effectiveness of quality governance arrangements; and (v) the appropriateness of any compliance disclosure made or to be made by the Board.
- 1.4 Approved minutes of the Committee are circulated to the Board for information at the first formal meeting of the Board after approval. The minutes are also circulated to those regularly in attendance. The Committee Chair provides the Board with a brief summary of the Committee’s work at the first available Board meeting opportunity after each Committee meeting. The Chair of the Committee will escalate matters to the Board as deemed appropriate.
- 1.5 Each Committee of the Board has a formal work plan that is approved by the Board, which will be used by the Committee Chair and respective Executive for preparing agendas for preparation towards the Committee meeting.
- 1.6 Trust Standing Orders and Standing Financial Instructions apply to the operation of this Committee.

2. Objective

The Committee shall be accountable to the Board and shall examine assurances in the following areas: (i) the level of risk to which patients are exposed; (ii) the extent to which clinical outcomes required by corporate strategy are being met; (iii) the extent to which patient and user satisfaction matches that required by corporate strategy; (iv) the extent to which the Trust can demonstrate learning and improvement; and (vi) the level of compliance with Fundamental Standards of Care. The Committee will set annual SMART objectives which will be agreed by the Board.

3. Primary Duties and Responsibilities

- 3.1 The Committee will take assurance using three key lines of enquiry; relevant overarching governance structures, the effectiveness of processes in place, and outcomes achieved. The Committee shall:

Governance Structures

- 3.2 Consider and approve the Trust's Quality Improvement Strategy, and periodically review the adequacy of resources and organisational capability to deliver the Trust's Quality Improvement Strategy.
- 3.3 To be satisfied that the breadth and depth of the Trust's patient safety, clinical effectiveness and patient experience control framework (i.e, policies and procedures) is well designed, effective and embedded in clinical practice.

In response to the publication to redefine the NED Champion roles NHS England » Enhancing board oversight: a new approach to non-executive director champion roles the Committee will consider and review on behalf of the Board the following;

- *Hip fracture, falls and dementia, Learning from Deaths (noting the duty for the report be in the public domain)*
- *Palliative Care & End of Life*
- *Safeguarding (reporting to Board)*
- *Resuscitation (requiring policy sign off by QAC on behalf of the Board)*
- *Children & Young People (Core Service Inspection Framework for Children and Young People refers to an interview with the NED in the Board with responsibility for CYP, noting oversight – likely to be Chair of QAC)*
- *Health & Safety (aspects include patient safety, employee safety and system leadership)*
- *Safety & Risk (should be integral to all Committees – demonstrating Well-led)*

- 3.4 Consider the scope of the Quality Improvement Plan and be satisfied that the breadth and depth of the planned work is sufficient to meet the Board's assurance needs, and that there is sufficient resource, capacity and capability to deliver the plan.
- 3.5 Be satisfied that there is appropriate co-ordination between clinical, internal and external audit programmes where appropriate (such as in respect of Quality Account indicators).

Processes

- 3.6 Explore, explain and justify the Trust's patient safety record, clinical outcomes, patient experience ratings, compliance with *Fundamental Standards of Care*¹, and learning effectiveness. Providing to the Board such assurances as it may reasonably require regarding compliance.

- 3.7 Be satisfied that processes are in place and sufficiently rigorous for assessing the impact of proposed cost improvement schemes on patient safety, clinical effectiveness and patient experience. Where assessment or a review of a scheme suggests a potential or actual adverse impact, which cannot be mitigated in line with the Board's risk appetite, advise the Board accordingly.
- 3.8 To consider and review the Trust's compliance with the statutory Duty of Candour, and to be satisfied that the Trust is being open, honest, and effectively engaging and supporting patients and their relatives who have been involved in a notifiable patient safety incident.

Outcomes

- 3.9 To provide advice to the Board on whether the Quality Account, taken as a whole, is fair, balanced and understandable and provides the information necessary stakeholders need to assess the Trust's performance.
- 3.10 To consider any findings of major investigations or reviews (internal or external to the Trust) relevant to patient safety, clinical effectiveness or patient experience, as delegated by the Board or on the Committee's initiative and consider management's response.
- 3.11 To consider and review, where required by the Board or Audit Committee, the treatment of specific matters concerning patient safety, clinical effectiveness or patient experience, raised in accordance with the Public Interest Disclosure Act (commonly known as "Whistleblowing"), and evaluate the appropriateness and effectiveness of the management response.
- 3.12 To consider and review reports and information relevant to clinical quality, including quality measures, incident reports, mortality data and audit results, and evaluate and consider management's response.

Other Duties

- 3.13 The Committee shall ensure that material issues arising from its work which relate to matters that fall within the purview of the Finance & Performance or Audit Committees, shall be communicated to such Committees and considered within their agendas. The Quality Assurance Committee shall require feedback from these Committees on their review of such referred work.
- 3.14 To provide an annual report to the Chair of Audit Committee confirming the effectiveness of the Committee and fulfilment of its objective, and to the effect that the Committee has disclosed to the Audit Chair all significant deficiencies and material weaknesses in the design or operation of internal controls, of which the Committee is aware, which could adversely affect the Trust's ability to provide safe, high quality and satisfactory care for patients.
- 3.15 To undertake or consider on behalf of the Chairman or the Board such other related task or topics as the Chairman or Board may from time to time entrust to the Committee.
- 3.16 The Committee shall review annually the Committee's terms of reference and its own effectiveness and recommend to the Board any necessary changes arising therefrom.
- 3.17 To report to the Board on the matters set out in these terms of reference and how the Committee has discharged its responsibilities.

- 3.18 Where there is a perceived overlap of assurance responsibilities or gap between the Trust's Audit, Quality Assurance Committee, Finance & Performance Committee, Digital and Informatics Committee, Workforce Committee or the Building Development Committee the respective Committee Chairman shall have the discretion to agree the most appropriate Committee to fulfil any obligation. An obligation under the terms of reference of the relevant Committee, will be deemed by the Board of Leeds Teaching Hospitals NHS Trust to have been fulfilled providing it is dealt with by a Committee of the Board.
- 3.19 Where the Committee's monitoring and review activities reveal cause for concern or scope for improvement, it shall make recommendations to the Board on action needed to address the issue or to make improvements.

4. Duties and Etiquette

4.1 The duties of the Chairman of the Committee shall be to:

- keep the Board informed regularly of any material matters which have come to the Committee's attention;
- ensure that minutes of the Committee are an accurate reflection of discussion;
- review and approve the proposed wording of the Quality Account Report;
- attend or designate another member of the Committee to attend public meetings of the Trust to answer any questions related to the work of the Committee;
- prepare and present an annual report on the work of the Committee to the Board; and
- ensure that all significant risks are discussed and where necessary escalated in line with LTHT's Risk Management Policy.

4.2 The duties of members and attendees shall be to:

- attend and contribute;
- have read the papers and materials in advance and be ready to work with them;
- actively participate in discussions pertaining to Committee business ensuring that solutions and action plans have multidisciplinary perspectives and have considered the impact Trust-wide;
- disseminate the learning and actions from the meetings;
- to attend at least 75% of meetings of the Committee.

5. Constitution

- 5.1 The Committee shall meet with such frequency and at such times as it may determine. It is expected that the Committee shall meet at least four times each year.
- 5.2 The quorum for meetings shall be two Non-Executive Directors, one of whom should be the Committee Chairman, unless he or she is unable to attend due to exceptional circumstances. In the absence of the Committee Chair a decision will be taken in advance of the meeting as to which independent Non-Executive Director who is a member of the Committee shall chair that particular meeting.

6. Membership and Attendance

- 6.1 The Membership and attendance shall be disclosed in the Annual Report and shall be two independent Non-Executive Directors of the Board. Any member of the Committee who is able to speak and be heard by each of the other members shall be deemed to be present in person and shall count towards the quorum. The Members shall be:
- Phil Corrigan (Interim Chair)
 - Jo Koroma
 - Amanda Stainton
- 6.2 The Chief Nurse, Chief Medical Officer, Medical Director/s of Operations (Planned Care and Unplanned Care) (will attend meetings to provide cover for each other for clinical and operational commitments), Medical Director Governance and Risk, Director of Quality, Chief Digital & Information Officer, Quality Governance Manager and Company Secretary shall be in attendance at all meetings except in relation to reserved business. They may send deputies to represent them in their absence or invite specific colleagues to address the Committee where appropriate.
- 6.3 The following persons shall be invited to attend at the discretion of the Committee, either for a particular item or for the whole meeting:
- Executive Directors; and
 - others at the invitation of the Committee.
- 6.4 In order for decisions taken by the Committee to be valid, the meeting must be quorate. This will consist of two members of the Committee being present at the point when any business is transacted. [See 6.1 above].
- 6.5 The Committee is serviced by Board Secretariat which organises meetings. Papers shall be available at least five clear days before each meeting. Papers shall not be tabled unless it is essential and only with the Committee Chair's prior agreement.
- 6.6 Terms of reference are reviewed annually or in light of changes in practice or national/local guidance. The Committee will review annually its own performance, including the extent to which it has operated in satisfaction of its terms of reference, and in particular compliance with reporting arrangements to the Board.

7. Version Control

Version Control	Date	Comments
V21	27 Jan 2022	Addition to reflect scope of Cttee in response to changes in lead NED roles – at section 3.3
V22	24 Nov 2022	Updated to membership between MD Operations & Planned Care Additional of SMART objectives and agenda review process
V23	28 Sept 2023	Update to NED membership

Document Owner

The Company Secretary is the owner of this document and of any Board minute authorising amendment.

¹The patient safety record, clinical outcomes, patient experience ratings and compliance with *Fundamental Standards of Care* involve a wide range of metrics, which may change from time to time. These metrics reflect the Board's quality ambition as well

Appendix B – Work Plan for 2023/24

**THE LEEDS TEACHING HOSPITALS NHS TRUST
QUALITY ASSURANCE COMMITTEE WORK PLAN 2023/24**

The Quality Assurance Committee will provide oversight and seek assurance in line with the Constitutional and Fundamental Standards, the Trust’s Quality Priorities and Regulatory Standards. In order to achieve this objective, the Committee will follow the outlined work programme below; where further assurance is required, or specific risks identified these will be included in the work programme as topic reports throughout the year.
